

**“THE STORM  
CUTTERS WENT  
THROUGH THE  
WIRE LIKE A HOT  
KNIFE THROUGH  
BUTTER.”**

– Doug Carthel, Jordan Air, Inc. Okeene, Oklahoma

“On July 4, 2015 I was working my 502 in a wind generator farm when I flew through a power line. At the last moment before impact I actually saw the wire but felt nothing, no tug, drag or yaw. The Storm Cutters went through the wire like a hot knife through butter.”

– Doug Carthel, Jordan Air, Inc. Okeene, Oklahoma
