

**IF YOU WANT TO  
PREVENT THIS,**

# **LOOK INTO THE NEW STORM SHIELD™**

The Storm Shield™ is the latest advancement in bird/drone strike protection technology for general aviation. The Storm Shield™ is:

- 8 Times Stronger than Factory (OEM) Air Tractor Windshield. Impact tested at National Institute for Aviation Research (NIAR) lab at Wichita State University
- Scratch Resistant with Greater Clarity
- Advancing Safety for the Aviation Industry

**HFS**

HERSHEY FLYING SERVICE  
(STORM AERONAUTICS)

**Upon completion of certification through the FAA, this new technology will be available for all Air Tractor and Thrush models (Center Windshield).**
